

TRY THIS!!!!

Tasks are largely in order of difficulty. One can enter anywhere on the list but some tasks may require previous actions. Work with others, talk, make mistakes, and feel free to figure out a different path, a better way, or something that interests you more.

1. Download the [Google Drive](#) app
2. Open the [Drive](#) app and sign in to your Google Drive account (use your Marist email credentials)
3. Download [Documents](#) and [Slides](#) from the App Store. (Both by Google)
4. Connect your Google Drive account to [Schoology](#).
5. Scan a document with [ScannerPro](#).
6. Save the scan to your camera roll as a JPG file.
7. Take the same scan and "open in" [Notability](#) as a pdf.
8. Type, highlight, and handwrite on the document in notability and write on it.
9. Send that pdf from [Notability](#) to [Google Drive](#).
10. Use [TextGrabber](#) to scan the JPG from in your camera roll.
11. Copy the scanned text and paste it into a new [Pages](#) or [Documents](#) file. Send it to [Google Drive](#) when done.
12. Create a new assignment in [Schoology](#), access one of the two documents you just created, and attach it to the assignment.
13. Take scan from step 5, "open in" [Explain Everything](#)
14. Record a 30sec clip as you write, type, and narrate.
15. Export your clip to [Google Drive](#) as a MP4 movie file.
