

Practice Challenge #2

1. Email
 - a. Create a custom signature
 - b. Send an email using this signature

2. Contacts
 - a. Get personal contact info for someone you contact frequently
 - b. Create a new contact for this person using all that information
 - c. Return to your email, draft an email to that person and send it. (Make sure your 'signature' is on the email.)

3. Calendar
 - a. Create an event for next week in your calendar.
 - b. Set an alert to remind you the day before.

4. Reminder
 - a. Create a Teaching To Do List
 - b. Add the 3-5 most pressing teaching tasks before you
 - c. Set a priority level for each task and a reminder for the most important task

5. Messages
 - a. Go to Settings and find the setting field for "Messages" on the left hand side.
 - b. Go through and decide how, when, or if you want to receive iMessages on your iPad.
 - c. Temporarily enable "Send Messages From"
 - d. Return to the iMessages app and try to send a message to someone else who has an iPhone or iPad. (Remember, the other person will have to have iMessage enabled)

6. Camera and Photos
 - a. Use both cameras on your phone to take still and video images of yourself and your surroundings.
 - b. Go to the photo app and delete the photos and videos
